Business Report

Dear Shareholders,

Looking back at 2019, beset by multiple uncertainties, including, Sino-U.S. trade friction, deteriorating Japan-Korea relationship, and Brexit, global economy and trade slackened, with major exporting nations scoring lackluster performance. Taiwan, however, staged an adequate performance, thanks to transferred orders resulting from the trade war, Taiwanese firms returning to Taiwan for investments, strong exports of information and communication, audiovisual, and electronic components and parts, and continuing private investments.

Adhering to the theme of "energy conservation, emission reduction, smart application, and automation," the company managed to retain steady profits in 2019, via global deployment for tapping the needs of HVAC industry, solution sales of electromechanical products, PM/EV motors, and remote smart health management for motors, plus lowering influence of external fluctuations via control and management projects.

A. Review of 2019 business performance

a. 2019 business status

1. Automation

* Production automation

In recent two years, the company has established "motor stator automated production center" and "motor stamping automated production center," plus the employment of 3D visual robotic arms, automated guided vehicles (AGV), and automatic coil winding machine, forming the largest and most complete smart industrial motor production line in Asia. Inaugurated in July 2019, the Vietnamese plant in Becamex industrial park in Vietnam's Binh Duong Province boasts cutting-edge environment-friendly process and automated smart production line, promising to become the group's major production base.

* Automated marketing: Implement marketing digitalization plan, expanding and optimizing various high-performance marketing platforms and gradually executing business intelligence systems, to induce precision marketing and facilitate growth.

2. Products:

* Motor: In addition to green model IE3/IE δ high-efficiency motor, step into the high-end realm of high-power smart motor, ship motor, permanent-magnet motor, and electric-vehicle motor, with large motors scoring booming sales and successfully tapping the sector of solution sales, leading to remarkable sales growth.

* Automation and intelligent systems: New inverter series has been applied successfully in industrial fan and exhaust fan, industrial air conditioning system, metal processing, and vertical transport system, in addition to inroads into the realms of tension control

for high-end servo market, smart grinder for mobile-phone glass, and lathe shaft. Despite sluggish demands in mainland China and Taiwan, putting a damper on sales growth, business outlook is promising.

- * Energy and engineering: Successful inroads into offshore wind power, micro grid, Internet datacenter (IDCP), smart building, PV power, and energy storage system, pocketing orders exceeding NT\$10 billion in value in 2019.
- * Home appliances: Rollout of variable-frequency electromagnetic-suspension centrifuge for high-end energy-conservation market and whole-series variable-frequency DC light business air conditioners, one step ahead of peers, expanding the ranks of heavyweight customers, via product differentiation. As for residential air conditioners, resort to price edge and stable variable-frequency quality to increase market share. For air conditioners, resort to big-data analysis and AI in providing the services of energy management and precautionary maintenance and diagnosis. Provision of optimal energy-conservation and precautionary/preventive solutions for applications in green buildings and energy-conserving air conditioners. Concerning refrigerators, in addition to expanding domestic market share for medium- and large-sized whole-series variable-frequency models, launch first indigenous variable-frequency business 1000L refrigerator and residential refrigerator with automatic switch between freezing and preserving modes, the first such model in Taiwan.

b. 2019 financial status, execution result of business plan, and profits

1. The company's standalone report

Unit: NT\$1,000			
	2019	2018	Change
Net operating revenue	18,873,312	20,879,719	-9.6%
Operating income	1,114,970	1,410,943	-21%
Current net profit	3,221,717	3,150,089	2.3%

* Operating revenue: Trade war and inventory closeout by the group's affiliates put a damper on sales of electromechanical products. Via target-customer analysis, the company managed, though, to raise global sales of explosion-proof motors, accelerate mass production and shipment of electric-vehicle motors, and mobilize major domestic dealers to increase market shares, at the expense of major rivals, thereby alleviating impact of decreasing domestic demands. Individual revenue dropped by near 10% from 2018.

* Operating income: In the wake of the eruption of trade war, the company has formulated plan adjusting capacities of production bases worldwide. Inaugurated in July 2019, the Vietnamese plant embraces smart monitoring, vacuum die-casting method, and automation technology to cut production cost. For marketing, link plant to market with high-performance information platform, integrate marketing teams to boost operating efficacy, and push high-margin models in North American market,

boosting gross margin. Affected by sales decline, gross profit tumbled by 9%. Thanks to continuing flow improvement and outlay control, operating expense dropped by near NT\$30 million. Operating income slipped by 21%.

* Non-operating income/expense: Thanks to adherence to the strategy of solution sales, revenue and profit both spiked in North American and Japan. With the strategy focusing on permanent-magnet motors and explosion-proof motors beginning to show results, plus increase in production efficiency and rationalization of cost/expense at plants, profits of major invested companies rose significantly, investment income recognized with equity method increased by NT\$230 million. The company's current net profit rose by 2% in 2019.

* R&D

- ✓ Successful development of high power-density motor, featuring high-efficiency, lightweight, and compact size, especially applicable for fast-developing wind/hydraulic power industry.
- ✓ Furnish medium- and large-frame number motors with smart vibration sensors for remote operating management, upgrading maintenance service and supporting smart manufacturing solution.
- ✓ Various service-type robots, mounted on AGV, granted silver award of Taiwan Excellence Award.
- ✓ E-House integrated industrial air conditioning solution, integrating DC/AC battery, programmable logic controller, medium-voltage inverter, and air conditioner.
- ✓ Integrated fire pump, integrating fire pump, power source, control cabinet, and auxiliary devices.

2. Consolidated report of the company and subsidiaries

Unit: NT\$1,000

	2019	2018	Change
Net operating revenue	47,909,358	50,104,927	-4.4%
Operating income	3,536,445	3,520,486	0.5%
Current net profit	3,518,780	3,475,969	1.2%
Current comprehensive net profit	6,039,690	3,908,980	54.5%

* Consolidated operating revenue: In contrast to slackened domestic demands in Taiwan and China, revenues from major overseas markets grew, except Southeast Asia, where revenue dropped slight, due to intensified competition. Meanwhile, due to change in policy for non-strategic investments, leading to reduction in the number of acquisitions, overall revenue dropped from the previous year.

* Operating income: Thanks to higher gross margin for motor sales in North America and cost control at mainland Chinese plants, operating income rose by 0.5% over the previous year.

* Current net profit: Driven by increased non-operating income on rebounding global financial market and gain on valuation for financial assets and increased investment

benefits, current net profit grew by 1.2%.

* Current comprehensive net profit: Due to increased unrealized gain on valuation for financial assets, current comprehensive net profit shot up 54.5%.

c. Financial strategy and shareholders' equity

Engaged mainly in R&D, production, and sales of industrial products in a mature traditional industry, the company has adhered to the principle of stable operation in financial strategy and determined proper liability/equity structure every year, according to expected cash flow, taking into account business plan, need of capital and working capital, and return on equity (ROE), based on actuarial estimation.

Table 1

Year	Credit rating	Net profit (NT\$100 M.)	Cash flow ratio	Current ratio	Debt ratio
2017	twA+(stable)	35.44	31.43%	236.16	37.10
2018	twA+(stable)	34.76	23.86%	241.22	36.41
2019	twA+(stable)	35.18	29.21%	216.55	37.70

Given steady cash flow generated by business activities and adherence to stable and sustainable business strategy, Taiwan Ratings has been granting the company twA+ (stable) credit rating since 2012, enabling the company to float unsecured commercial papers or common corporate bonds on the primary market, in place of banking loans, cutting funding cost by near 40%, thanks interest spread of near 50 bps, plus prolonged funding period, which leads to long-term stable funding cost. Since 2015, Taiwan Ratings has further upgraded the company's credit rating to twA+, manifesting the company's solid credit standing, which boosts the company leverage and flexibility in fund raising and price negotiation, a solid cornerstone for the company to cope with various business challenges.

With the world being plagued by continuously trade frictions and a litany of economic black swans in recent years, the company, in the face of economic and financial tumult, will continue to seek strategic growth, boost products' cost competitiveness, and uphold a flexible supply chain, which will entail funding need several times previous years for establishing distributed production mode, carrying out smart manufacturing, and implementing digitalization via acquisition or alliance. Amid an economic environment full of uncertainty, the company will, as usual, maintain sufficient cash position and solid capital structure, to cope with the changeful situation and pursue sustainable development.

Backed by stable operation and finance, TECO Group has been able to create reasonable investment value for shareholders invariably. In recent years, application of IFRS9 accounting criteria has inflated book value of shareholders' equipment, due to unrealized gain on valuation for financial assets. After deducting unrealized gain on valuation, return on shareholders' equity has still stayed at 6.3-7.4%. Based on other consolidated comprehensive income in calculation, return on shareholders' equity hits 10%. Over the

past year, the company has further improved return on shareholders' equipment of 0.18 of a percentage point, via adjusting organizational and financial structure, such as consolidation of some invested businesses, implementation of share buyback, and liquidation of assets. In the future, the company will continue embrace necessary measures, to uphold its long-term value.

B. Summary of 2020 business plan

Looking ahead at 2020, impacted by COVID-19 pandemic, major forecast bodies have predicted global economy will decline in the year. Taiwan's Cabinet-level Directorate General of Budget, Accounting, and Statistics (DGBAS) forecasts that Taiwan's economy will grow by 2.37% in 2020, compared with 2.4-2.7% growth rates predicted by other forecast bodies. In the face of the challenging environment, the company, in addition to the development axis of "energy conservation, emission reduction, smart application, and automation," will implement digitalization, intensify marketing and production automation, and institute business intelligent system, thereby inducing growth with precision marketing. Moreover, while closely monitoring the impact of the pandemic on major markets, it will building secondary supply chain for parts of SmartAuto and electromechanical products outside mainland China, forming a remote backup mechanism to prevent disruption of operation. Essence of 2020 business strategy and growth plan follows:

a. Organic growth plan

Despite the existence of multiple variables in the general environment, the company will still spare no effort in seeking growth of core business, such as electromechanical products, for which the company has set up a task force to develop new products, such as permanent-magnet motor, auto electrical machinery products, and medium-voltage inverters. In addition, via global-account centralized management, the company will consolidate customer relationship and tap potential business opportunities and employ IIOTT to expand solution sales, in addition to offering customers platform for real-time maintenance, technology modification, and other services.

Already with over NT\$10 billion worth of orders in hands, the energy and engineering division will take advantage of smart automatic-control technology for engaging in the realms of PV power system, micro-grid, energy storage system, and energy management equipment, materializing the company's vision of "energy conservation and emission reduction." As for home appliances business, the company will continue the business strategy of 2019, dedicating to the development of whole-series variable-frequency energy conserving products for the sake of higher margin, plus enhancement of the value of air-conditioning engineering projects via employment of energy management system and high-end, high-efficiency, energy-conserving business air conditioners.

b. Strategic growth plan

1. SmartAuto

Dedicate to strengthening R&D capability and seeking strategic alliance, strategic

investments, and merger and acquisition (M&A) opportunities, while striving to expand penetration rate of SmartAuto products to enhance revenue and profit via the following approaches:

- ✓ Applications of SmartAuto industry: industrial automation, robot, e-house integrated industrial air conditioning.
- ✓ SmartAuto module and system: knuckle system of collaborative robot, AGV and key components and parts, smart energy-storage power conversion system (PCS), MHm diagnostic system.
- ✓ SmartAuto control and industrial network: Motion servo controller, human-machine interface (HMI), programmable logic controller, industrial-computer controller, industrial Ethernet, 5G controller.
- ✓ SmartAuto product series: low-/medium-voltage inverter, integrated M+I machine, servo drive and motor, reducer, MS/CB, smart logistics products, such as transport and delivery robots, and smart retail products, such automated smart vending machine, smart home-delivery cabinets, and smart locker.

2. Deployment and automation of manufacturing centers

To cope with the needs of growth of regional markets and capacity distribution, set up four major production centers (mainland China, Taiwan, Vietnam, and India) via integrating existing low-voltage motor production lines and supply chains. Introduce key process automation and global situation-room system, taking advantage of the company's IIoT technology, for real-time monitoring and improvement of the operation of major production and maneuvering of supply chains, via digitalized management. Meanwhile, given robust demands for energy-saving high-performance auto motors expected in mainland China and Asia-Pacific, continue investments in automated electric-wire winding production lines for use in permanent-magnet motors, and rotor visual kinetic equilibrium and automated magnetization and magnet-detecting equipment, to enhance quality liability and competitiveness of such new products.

3. Development of forward-looking products:

SmartAuto control and industrial network: Motion servo controller,

- ✓ Energy conservation: PM & SRM high-performance motor, E-House, VB/VBAC
- ✓ Emission reduction: EV motive-force system, ultra high-performance medium-voltage motor
- ✓ Intelligence: E-ID, MHm diagnostic system, AGV, auto fleet management, smart retail, industrial ethernet
- ✓ Automation: HD Precision bearing, knuckle system of robot, Matrix Converter, industrial ethernet

The company has been granted the honors of golden award for Taiwan Top50 corporate sustainability report for six years in a row and corporate citizen award by Commonwealth magazine

for eight years running. Adhering to the concept of sustainable development, the company has pledged to "20% emission reduction in 10 years" and rolled out "employee public-service account" this year, materializing the group's vision of "energy conservation, emission reduction, smart application, and automation" according to the strictest criteria, thereby leading employees to contribute to a sustainable society, as well as forging an working environment with long-term development potential for employees, providing customers services with competitive value, and creating optimal investment returns for shareholders.

Inspection Report of Audit Committee
(This English version is only a translation of the Chinese version.)

The Audit Committee has duly inspected and approved the financial statements for 2019 (including consolidated financial statements), the business report and proposed profit distribution plan prepared and proposed by the Board of Directors, with the financial statements having been audited and certified by Pricewaterhouse Coopers, hereby submit this report pursuant to Article 14 of Securities and Exchange Act and Article 219 of the Company Act.

To

General Shareholders Meeting 2020

TECO Electric & Machinery Co., Ltd

Audit Committee Convener : Ting-Wong, Cheng

Date: March 17th, 2020

To TECO Electric & Machinery Co., Ltd.

Opinion

We have audited the accompanying parent company only balance sheets of TECO Electric & Machinery Co., Ltd. as at December 31, 2019 and 2018, and the related parent company only statements of comprehensive income, of changes in equity and of cash flows for the years then ended, and notes to the parent company only financial statements, including a summary of significant accounting policies.

In our opinion, based on our audits and the audit reports of other independent accountants, as described in the other matter section of our report, the parent company only financial statements present fairly, in all material respects, the financial position of TECO Electric & Machinery Co., Ltd. as of December 31, 2019 and 2018, and its financial performance and cash flows for the years then ended, in accordance with the "Regulations Governing the Preparation of Financial Reports by Securities Issuers".

Basis for opinion

We conducted our audit of the financial statements for the year ended December 31, 2019 in accordance with 'Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants', 'Jin-Guan-Zheng-Shen-Zi Order No. 1090360805 as approved by the Financial Supervisory Commission', and generally accepted auditing standards in the Republic of China ("R.O.C GAAS"), and our audit of the financial statements for the year ended December 31, 2018 in accordance with 'Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants' and R.O.C GAAS. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Professional Ethics for Certified Public Accountants in the Republic of China (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. Based on our audits and audit reports of other independent accountants, we believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the parent company only financial statements of the current period. These matters were addressed in the context of our audit of the parent company only financial statements as a whole and, in forming our opinion thereon, we do not provide a separate opinion on these matters.

Key audit matters for the Company's financial statements of the current period are stated as follows:

Revenue recognition of export sales of heavy industrial products group

Description

Refer to Note 4(32) of the parent company only financial statements for the accounting policies on revenue recognition. Heavy industrial products group handles the manufacturing and sales of various machinery, equipment and motors. Aside from domestic sales in Taiwan, the customers of heavy industrial products group are from China, America, Southeast Asia and Europe and the sales terms vary for different customers. Thus, we consider the revenue recognition of export sales of heavy industrial products group as a key audit matter.

How our audit addressed the matter

We performed the following audit procedures in respect of the above key audit matter:

1. Obtained an understanding of and validated the internal controls over revenue recognition of export sales of heavy industrial products group to assess the effectiveness of the internal control process.
2. Validated selected samples of export sales revenue transactions of heavy industrial products group to confirm the existence of export sales revenue transactions.

Other matter – Reports of other independent accountants

As described in Note 6(6) of the parent company only financial statements, we did not audit the financial statements of certain investee accounted for under the equity method. Those financial statements were

audited by other independent accountants, whose reports thereon have been furnished to us, and our opinion expressed herein, insofar as it relates to the amounts included in the financial statements and the information on the investee disclosed in Note 13 was based solely on the reports of other independent accountants. The investments accounted for under the equity method amounted to NT\$3,698,335 thousand and NT\$4,076,536 thousand, constituting 5% and 6% of the related total assets as of December 31, 2019 and 2018, respectively, and the comprehensive income amounting to NT\$82,978 thousand and NT\$176,754 thousand, constituting 1% and 5% of the total comprehensive income for the years then ended, respectively.

Responsibilities of management and those charged with governance for the parent company only financial statements

Management is responsible for the preparation and fair presentation of the parent company only financial statements in accordance with the “Regulations Governing the Preparation of Financial Reports by Securities Issuers”, and for such internal control as management determines is necessary to enable the preparation of parent company only financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the parent company only financial statements, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the Audit Committee, are responsible for overseeing the Company’s financial reporting process.

Auditor’s responsibilities for the audit of the parent company only financial statements

Our objectives are to obtain reasonable assurance about whether the parent company only financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ROC GAAS will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these parent company only financial statements.

As part of an audit in accordance with ROC GAAS, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the parent company only financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
2. Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal controls.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report to the related disclosures in the parent company only financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the parent company only financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other

matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the parent company only financial statements of the current period and are therefore the key audit matters. We describe these matters in our report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT OF INDEPENDENT ACCOUNTANTS TRANSLATED FROM CHINESE

To TECO Electric & Machinery Co., Ltd.

Opinion

We have audited the accompanying consolidated balance sheets of TECO Electric & Machinery Co., Ltd. and its subsidiaries (the "Group") as at December 31, 2019 and 2018, and the related consolidated statements of comprehensive income, of changes in equity and of cash flows for the years then ended, and the notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, based on our audits and the audit reports of other independent accountants, as described in the Other matter section of our report, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2019 and 2018, and its consolidated financial performance and its consolidated cash flows for the years then ended, in accordance with the "Regulations Governing the Preparation of Financial Reports by Securities Issuers" and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations as endorsed by the Financial Supervisory Commission.

Basis for opinion

We conducted our audit of the financial statements for the year ended December 31, 2019 in accordance with 'Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants', 'Jin-Guan-Zheng-Shen-Zi Order No. 1090360805 as approved by the Financial Supervisory Commission', and generally accepted auditing standards in the Republic of China ("R.O.C GAAS"), and our audit of the financial statements for the year ended December 31, 2018 in accordance with 'Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants' and R.O.C GAAS. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Professional Ethics for Certified Public Accountants in the Republic of China (the "Code"), and we have fulfilled our other ethical

responsibilities in accordance with the Code. Based on our audits and audit reports of other independent accountants, we believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole and, in forming our opinion thereon, we do not provide a separate opinion on these matters.

Key audit matters for the Group's consolidated financial statements of the current period are stated as follows:

Revenue recognition of export sales of heavy industrial products group

Description

Refer to Note 4(34) of the consolidated financial statements for the accounting policies on revenue recognition and Note 14 for the segment financial information. The Group disclosed the financial information of heavy industrial products group and home electric appliance division in the segment financial information. Heavy industrial products group handles the manufacturing and sales of various machinery, equipment and motors. The sales revenue of the heavy industrial products group amounted to NT\$32,754,241 thousand, representing 68% of the consolidated total sales revenue for the year ended December 31, 2019. Aside from domestic sales in Taiwan, the customers of heavy industrial products group are from China, America, Southeast Asia and Europe and the sales terms vary for different customers. Thus, we consider the revenue recognition of export sales of heavy industrial products group as a key audit matter.

How our audit addressed the matter

We performed the following audit procedures in respect of the above key audit matter:

1. Obtained an understanding of and validated the internal controls over revenue recognition of export sales of heavy industrial products group to assess the effectiveness of the internal control process.
2. Validated selected samples of export sales revenue transactions of heavy industrial products group to confirm the existence of export sales revenue transactions.

Other matter – Reports of other independent accountants

As described in Notes 4(3) and 6(7) of the consolidated financial statements, we did not audit the financial statements of certain subsidiaries and investments accounted for under the equity method. Those financial statements were audited by other independent accountants, whose reports thereon have been furnished to us, and our opinion expressed herein, insofar as it relates to the amounts included in the financial statements and the information on the investee disclosed in Note 13 was based solely on the reports of other independent accountants. Total assets amounted to NT\$2,568,293 thousand and NT\$2,630,617 thousand, both constituting 3% of the consolidated total assets as of December 31, 2019 and 2018, respectively, and total operating revenues amounted to NT\$2,949,066 thousand and NT\$2,475,154 thousand, constituting 6% and 5% of consolidated total operating revenues for the years then ended, respectively. The investments accounted for under the equity method amounted to NT\$2,535,314 thousand and NT\$2,630,962 thousand, both constituting 3% of consolidated total assets as of December 31, 2019 and 2018, respectively, the credit balance of investments accounted for under the equity method amounted to NT\$97,139 thousand and NT\$83,459 thousand, both constituting 0% of consolidated total assets as of December 31, 2019 and 2018, respectively, and the share of profit of associates and joint ventures accounted for under the equity method amounted to NT\$7,927 thousand and NT\$143,935 thousand, constituting 0% and 4% of the consolidated total comprehensive income for the years then ended, respectively.

Other matter –Parent company only financial reports

We have audited and expressed an unqualified opinion with other matter section on the parent company only financial statements of TECO Electric & Machinery Co., Ltd. as of and for the years ended December 31, 2019 and 2018.

Responsibilities of management and those charged with governance for the consolidated financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the “Regulations Governing the Preparation of Financial Reports by Securities Issuers” and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations as endorsed by the Financial Supervisory Commission, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the Audit Committee, are responsible for overseeing the Group’s financial reporting process.

Auditor’s responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ROC GAAS will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the

basis of these consolidated financial statements.

As part of an audit in accordance with ROC GAAS, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
 2. Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal controls.
 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our report. However, future events or conditions may cause the Group to cease to continue as a going concern.
 5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
 6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements.
- We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal

controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

TECO Electric & Machinery Co., Ltd.
Corporate Governance Best Practice Principles
(Summary Translation)

Chapter I General Provisions

Article 1

These Principles are established and an effective corporate governance system is erected in accordance with the Corporate Governance Best-Practice Principles prescribed jointly adopted by the Taiwan Stock Exchange Corporation ("TSEC") and the GreTai Securities Market ("GTSM"). These Principles are disclosed on the Market Observation Post System.

Article 2

In addition to complying with relevant laws and regulations, as well as contracts signed with the TSEC or GTSM and other relevant regulations, the Company shall follow the following principles:

1. Protect shareholders' rights and interests;
2. Strengthen the powers of the Board of Directors;
3. Fulfill the function of supervisors;
4. Respect stakeholders' rights and interests; and
5. Enhance information transparency.

Article 3

The Company shall follow the "Criteria Governing the Establishment of Internal Control System of Public Listed Company" and take into consideration the overall operational activities of itself and its subsidiaries in designing and actually implementing an internal control system, and review it at all times, in order to keep up with the dynamics of environment inside and outside the company and ensure that the design and enforcement of the system remain effective.

Except approved by the competent authority, the establishment or revision of internal control should be made with over one half of the members of the audit committee before being submitted to the board of directors for resolution.

In addition to faithfully performing voluntary evaluation of the internal control system, the Board of Directors and the management shall review the result of the voluntary evaluation of each department and the report of the internal audit department at least once each year quarterly. The auditing committee should notice and supervise the report.

The evaluation of the efficiency of the internal control system shall be made with over one half of the members of the audit committee before being submitted to the board of directors for resolution.

The management of the Company shall pay special attention to the internal audit department and its personnel, fully empower them and urge them to conduct audits effectively, evaluate problems of the internal control system and assess the efficiency of operations to ensure that such a system can be carried out effectively on a continuous basis and can assist the board of directors and the management to perform their duties effectively so as to ensure a sound corporate governance system.

To materialize internal-control system, strengthen the expertise of deputies of internal auditors, and enhance or uphold auditing quality or auditing result, the company should institute deputies of internal auditors.

Qualifications for internal auditors, specified in Article 11-6 of the “Criteria for Establishment of Internal Control Systems by Public Companies”, and stipulations of Article 16, 17, and 18 are applicable to the aforementioned deputies of internal auditors.

Appointment, dismissal, evaluation and review, salary and compensation of internal auditors of the Company shall be reported to the board of directors or shall be submitted by the chief auditor to the board chairperson for approval.

Article 3-1

The company can institute unit or staffer(s) in charge of corporate governance, in a dedicated or part-time manner, and according to relevant regulations or the regulations of the Exchange, appoint ranking manager for supervision, who should have the qualification of lawyer or certified public accountant, or over three years of managerial experience for securities, financial, or futures related institution or a public company in a unit handling legal affairs, legal compliance, internal auditing, financial affairs, stock affairs, or corporate governance affairs at a company with public share offering.

The aforementioned corporate governance-related affairs should at least include:

1. Registration or revision of registration for incorporation.
2. Holding of meeting of the board of directors and shareholders' meeting according to law and assistance for the company in legal compliance for the board of directors and shareholders' meeting.
3. Production of minutes for meeting of the board of directors or shareholders' meeting.
4. Provide directors materials they need in executing their business duties and information on new laws/regulations related to corporate management, thereby facilitating legal compliance by directors.
5. Affairs regarding investor relationship.
6. Other items specified by corporate charter or contracts.

Chapter II Protection of Shareholders' Rights and Interests

Subchapter 1

Encouraging Shareholders to Participate in Corporate Governance

Article 4

When implementing the corporate governance system, the Company shall take the protection of shareholders' rights and interests and treat all shareholders fairly.

The Company shall establish a corporate governance system which ensures shareholders' rights of being fully informed of, participating in and making decisions over important matters of the company.

Article 5

The Company shall convene shareholders' meetings in accordance with the Company Act and relevant laws and regulations and provide comprehensive rules for such meetings. The Company shall faithfully implement resolutions adopted by shareholders' meetings in accordance with the rules for the meetings.

Resolutions adopted by shareholders' meetings of the Company shall comply with laws, regulations and articles of incorporation.

Article 6

The Board of Directors shall properly arrange the proposals and agenda of shareholders' meetings. Formulate principles and workflow for nomination of directors and proposal of motions for shareholders' meeting and properly address motions put forth by shareholders legally. Shareholders' meeting should be held at venue with convenient location and should set aside sufficient time and appoint proper receptionists for reporting by attending shareholders, who shouldn't be required to produce additional identity proofs. Shareholders shall be granted reasonable time to deliberate each proposal and afforded an appropriate opportunity to make statements.

For the shareholders' meetings that are convened by the Board of Directors, the chairman should preside over the meeting in person, and it would be advisable for a majority of the directors (at least one independent director) and one member each of various functional committees should attend the meeting to attend the meeting in person. The state of their attendance should be recorded in the minutes of shareholders' meeting.

Article 7

The Company shall encourage its shareholders to actively participate in its corporate governance, entrust professional stock-affairs institutions to handle the holding of shareholders' meeting and hold shareholders' meetings on the premise of legal, effective and safe proceedings. The Company shall seek all ways and means, including fully exploiting technologies for information disclosure, and meeting notice, meeting agenda, and supplementary information should be uploaded at the same time, so as to enhance the attendance rate of shareholders at the shareholders' meeting and ensure the exercise of shareholders' rights by shareholders at the shareholders' meeting in accordance with laws.

When shareholders' meeting adopts electronic voting, extempore motions and amendment to original motion should be avoided.

Shareholders should be arranged to vote case by case in shareholders' meeting, outcome of agreement, objection, and abstention of shareholders should be put into the Market Observation Post System on the day after the completion of the meeting.

The Company will adopt no discriminatory treatment or discrimination of any kind with respect to the distribution of souvenirs of the shareholders' meeting to the shareholders.

Article 8

In accordance with Company Law and other related laws/regulations, the company should put the

date, venue, name of chairperson, resolution method, as well as summary and outcome of the meeting process in meeting minute. For election of directors, it is necessary to specify voting method and the votes obtained by elected directors.

The minutes of the shareholders' meeting shall be properly and perpetually kept by the company during its legal existence. It would be advisable for the Company to fully disclose such meeting minutes on its website, if any.

Article 9

The chairperson at the shareholders' meetings shall be fully familiar and comply with the rules governing the proceedings of the shareholders' meetings established by the company.

The chairperson shall ensure the proper progress of the proceedings of the meetings and may not adjourn the meetings at will.

In order to protect the interests of most shareholders, if the chairman declares the adjournment of the meeting in a manner in violation of rules governing the proceedings of the shareholders' meetings, it would be advisable for the members of the Board of Directors other than the chairman of the shareholders' meeting to promptly assist the attending shareholders at the shareholders' meeting in electing a new chairman of the shareholders' meeting to continue the proceedings of the meeting, by a resolution to be adopted by a majority of the votes represented by the shareholders attending the said meeting in accordance with the legal procedures.

Article 10

The Company shall respect the shareholders' rights to know and faithfully comply with the applicable regulations regarding the information disclosure to provide, regularly and timely, the shareholders with information relating to the financial conditions and operations, the insiders' shareholdings, and corporate governance status in the company by utilizing the Market Observatory Post System or the website established by the company. In order to equally treat shareholders, major messages should be publicized in both Chinese and English. In order to equally treat shareholders, major messages should be publicized in both Chinese and English.

To safeguard the interests of shareholders and provide them equal treatment, the company should formulate regulations forbidding insider trading.

The preceding paragraph includes safeguards and monitoring for insiders familiar with the Company's financial results or relevant performance numbers, from the dates that the respective information are made available.

Article 11

The shareholders shall be entitled to profit distributions by the company. In order to ensure the shareholders' investment interests, the shareholders' meeting may, according to Article 184 of the Company Act, examine the statements and books prepared and submitted by the Board of Directors and the inspection reports submitted by the audit committee, and may decide, by resolution, profit distributions and deficit off-setting plans. In order to proceed with the above examination, the shareholders' meeting may appoint an inspector.

The shareholders may, according to Article 245 of the Company Act, apply with the court to select an inspector in examining the accounting records and assets of the company. The Board of

Directors, audit committee and managers of the Company shall fully cooperate in the examination conducted by the inspectors in the aforesaid two paragraphs without any obstruction, rejection or circumvention.

Article 12

In entering into material financial and business transactions such as acquisition or disposal of assets, lending funds, and making endorsements or providing guarantees, the Company shall proceed in accordance with the applicable laws and/or regulations. The Company shall further establish the operating procedures in relation to these material financial and business transactions and have the same report to and approved by the shareholders' meeting so as to protect the interests of the shareholders.

In case the company engages in merger or public acquisition, the transaction should be carried out according to related laws and regulations and attention should be made to assure the fairness and reasonableness of the dealing, as well as transparency of information and continuation of a sound financial structure.

In case of management buyout, pay attention to the regulation on information publication. Staffers handling the aforementioned item should notice conflict of interest and need for avoidance.

Article 13

In order to protect the interests of the shareholders, it would be advisable for the Company to designate personnel exclusively dedicated to handling shareholders' proposals, inquiries and disputes.

The Company shall properly deal with matters arising from any action instituted by shareholders pursuant to the applicable laws claiming damage to such shareholders' interests caused by the resolution adopted in its shareholders' meetings or the Board of

Directors meetings in violation of the applicable laws, regulations or its articles of incorporation, or claiming a breach by its directors or managers of applicable laws, regulations or the company's articles of incorporation in performing their duties.

The company should formulate internal workflow to address the two aforementioned items properly, a process should be recorded in written form for reference and put under the oversight of the internal-control system.

Subchapter 2

Erect a System to Interact with Shareholders

Article 13-1

The board of directors is responsible for establishing a mechanism for interaction with shareholders, in order to boost mutual understanding of the company's development goal.

Article 13-2

In addition to encouraging shareholders attending shareholders' meeting for better communication, the board of directors should contact shareholders in an efficient manner and join hands with managerial staffers and independent directors for better grasp of the opinions of

and issues concerned by shareholders and clear explanation of the company's policy, so as to win their support.

Subchapter 3

Corporate Governance Relationships between the Company and Its Affiliated Enterprise

Article 14

The Company shall clearly identify the allocation of its management target, authorities and responsibilities over personnel, assets and financial matters of its affiliated enterprises, and shall implement risk evaluation and establish appropriate firewalls.

Article 15

Unless otherwise provided by the laws and regulations, a manager of the Company may not serve as a manager of its affiliated enterprises.

A director, who engages in any transaction for himself or on behalf of another person that is within the scope of the company's business, shall disclose to the shareholders' meeting the material terms of such transaction and obtain its consent.

Article 16

The Company shall establish a sound management target and system for finance, operations and accounting in accordance with the applicable laws and regulations. It shall further, together with its affiliated enterprises, properly conduct an overall risk evaluation of the major banks they are dealing with, their customers and their suppliers, and implement the necessary control mechanism to reduce credit risks.

Article 17

Where the Company and its affiliated enterprises enter into inter-company business transactions, a written agreement governing the relevant financial and business operations between each other shall be made in accordance with the principle of fair dealing and reasonableness. Both parties shall definitively stipulate the terms and conditions of the price and payment terms mechanism, and desist from any transactions that are other than at arm's length.

All transactions or contracts made by and between the Company and its affiliated persons and shareholders shall follow the principles set forth in the proceeding paragraph and tunneling of profits is strictly prohibited.

Article 18

A corporate shareholder having controlling power over the Company shall comply with the following provisions:

1. It shall bear a duty of good faith to other shareholders and shall not directly or indirectly cause the company to be engaged in transactions at other than arm's length or involved in a management conduct for illegal profit.
2. Its representative shall follow the rules implemented by its company with respect to the exercise of rights and participation of resolution, so that at a shareholders' meeting, the representative

shall exercise his/her voting right for the best interest of all shareholders and in good faith and faithfully carry out the fiduciary duty and duty of care of a director.

3. It shall comply with relevant laws, regulations and the articles of incorporation of the company in nominating directors or supervisors and shall not act beyond the authority granted by the shareholders' meeting or board meeting.

4. It shall not improperly intervene in corporate policy making or obstruct corporate management activities.

5. It shall not restrict or impede the management or production of the Company by methods of unfair competition such as monopolizing corporate procurement or foreclosing sales channels.

6. Representatives of legal entities on the board of directors should possess qualifications needed by the company and should not be replaced randomly.

Article 19

The Company shall ensure the command at any time of information on the identity of major shareholders, who own a higher percentage of shares and have an actual control over the company, and its ultimate control persons.

The Company shall disclose periodically important information about its shareholders holding more than ten percent of the outstanding shares of the Company relating to the pledge, increase or decrease of share ownership, or other matters that may possibly trigger a change in the ownership of their shares.

The major shareholders indicated in the first paragraph refers to those who own five percent or more of the outstanding shares of the Company or the shareholding stake thereof is on the top ten list, provided, however, that the company may set up a lower shareholding threshold according to the shareholding of its actual controlling companies.

Chapter III Enhancing the Function of Board of Directors

Subchapter 1 Structure of Board of Directors

Article 20

The Board of Directors of the Company shall guide company strategy, supervise management team, and be responsible for the shareholders' meetings. Procedures and arrangement relating to corporate governance shall ensure that, in exercising its authority, the Board of Directors will comply with laws, regulations, articles of incorporation, and the resolutions of shareholders' meetings of the company.

Regarding the structure of the Board of Directors of the Company, the number of board members shall be properly determined by reviewing the scale of corporate management and operation and the shareholding of the major shareholders and taking into consideration of the practical needs for operation. While installing independent directors, it shall take into account the reasonable professional composition of the directors and the objective requirements for their duties independently.

Makeup of the membership of the board of directors should be diversified. In addition to limit capping the seats on the board of directors filled by the company's managerial staffers at one third of the total, proper diversification guidelines should be formulated, considering the company's operation, business type, and development need, which should contain, but not limited to, the

following two criteria:

Basic conditions and values: gender, age, nationality, and culture, among others Professional knowledge and skill: professional background (such as law, accounting, industry, finance, marketing, and technology), professional skill, and industrial experience, among others. The board of directors should evaluate cautiously the aforementioned qualifications and conditions, as well as willingness of nominees, before putting forth the list of candidates for directors.

For the makeup of the board of directors, attention should be paid to gender equality and knowledge, skills, and specialties needed for the fulfillment of their duties. In order to achieve the target of corporate governance, the board of directors as a whole should possess the following capabilities:

1. Ability to make operational judgment;
2. Ability to perform accounting and financial analysis;
3. Ability to conduct management administration;
4. Ability to conduct crisis management;
5. Possession of industrial knowledge;
6. Possession of perspective of international market;
7. Ability to lead; and
8. Ability to make decisions.

Article 21

Based upon the principles to safeguard shareholders' right and treat shareholders with fairness, the Company shall incorporate a fair, just, and open procedure for the election of directors, and adopt the cumulative voting mechanism in order to fully reflect shareholders' views, according to the Company Law.

Except as otherwise approved by the competent authority, one half of the directors of the Company shall not be the spouse or a relative within the second degree to any of the other directors.

Where the number of directors of the Company falls below five, new directors shall be elected at the immediate following shareholders' meeting. However, if the number of vacancies on the Board of Directors amount to one third of the total seats, an extraordinary shareholders' meeting shall be convened within 60 days to elect new directors.

The aggregate shareholding percentage of all of the directors of the Company shall comply with the laws and regulations. Restrictions on the share transfer of each director and the creation, release, or changes of any pledges over the shares held by each director shall be subject to the relevant laws and regulations, and the relevant information shall be fully disclosed.

Article 22

The company specifies that election of directors shall adopt the nomination system in Articles in incorporation in accordance with the relevant regulations, the qualifications, education, working experience, background and the existence of any other matters set forth in Article 30 of the Company Act with respect to the candidates recommended by shareholders or directors shall be reviewed in advance and the result thereof be provided to shareholders for their reference, so that qualified directors will be elected.

Article 23

Clear distinctions shall be drawn between the responsibilities and duties of the chairman of the board of the Company and those of its general manager.

It would be inappropriate for the chairman of the Board of Directors to also act as the general manager or other equivalent position (highest managerial position).

The company should delineate clearly the responsibilities of the functional committees it sets up.

Subchapter 2 Independent Directors

Article 24

The Company may establish independent directors who each shall have necessary special knowledge, in accordance with Articles of Incorporation. In addition to complying with related laws/regulations, there shouldn't be anyone serving as director (or independent director) or supervisor for more than five companies listed on the centralized market or over-the-counter market. Limitations shall be prescribed with respect to the shareholding and taking of concurrent jobs by the independent directors who shall maintain their independency in the course of performing their duties and functions and shall in no way act in direct or indirect conflict of interests against the Company.

The independent directors shall be elected by the shareholders in accordance with Article 192-1 of the Company Act from among the candidates determined by nomination. The election of independent directors shall be provided in the Articles of Incorporation. Directors and independent directors of the Company shall be elected at the same election in accordance with Article 198 of the Company Act with the director elects and independent directors elects calculated separately.

If an independent director candidate included by the Company under the provisions of the preceding paragraph has already served as an independent director of the Company for three consecutive terms or more, the Company shall publicly disclosed, together with the review results under the preceding paragraph, the reasons why the candidate is nominated again for the independent directorship, and present the reasons to the shareholders at the time of the election at the shareholders' meeting.

In case the company, affiliates, and organizations nominate directors, supervisors, or managers of other company, its group affiliates, and organizations as candidates for independent directors on a reciprocal basis, specify the status and explain the qualifications of the candidates. If they are elected, specify their votes.

The aforementioned affiliates and organizations cover subsidiaries of companies listed on the stock exchange or over-the-counter markets, legal entities with 50% of funds coming from direct or indirect donations by those companies, or institutions or judicial persons in which those companies have actual control.

No independent director may exchange his or her capacity of the independent director of the Company with any non-independent director of the Company during their term of office.

Where the number of independent directors of the Company falls below the number provided in the first paragraph or the Articles of Incorporation, new independent directors shall be elected at the immediate following shareholders' meeting to fill the vacancies. However, if all of the

independent directors are dismissed, an extraordinary shareholders' meeting shall be convened within 60 days to elect new independent directors.

The special qualification, independency of, and the limitations on the shareholding and taking of concurrent jobs by and the nomination of candidates of independent directors and other matters for compliance shall be in accordance with the Securities and Exchange Act, Regulations Governing Appointment of Independent Directors and Compliance Matters for Public Companies, and the relevant rules established by the TSEC or the GTSM.

Article 25

The Company (if any) shall submit the following matters to the meeting of the Board of Directors for approval in line with the requirement of the Securities & Exchange Act. Any opposition or qualified opinion expressed by the independent directors shall be indicated in the minutes of the relevant meeting of the Board of Directors.

1. Adoption or amendment of the internal control system pursuant to Article 14-1 of the Securities and Exchange Act, and assessment of the effectiveness of the internal control system.
2. Adoption or amendment, pursuant to Article 36-1 of the Securities and Exchange Act, of handling procedures for financial or operational actions of material significance, such as acquisition or disposal of assets, derivatives trading, extension of monetary loans to others, or endorsements or guarantees for others.
3. Matters involving personal interests of the directors;
4. Major assets or derivatives transactions;
5. Major lending, endorsement or guarantee proposed;
6. The offering, issuance, or private placement of any equity-type securities;
7. Engagement, discharge of or consideration paid to the certified public accountant;
8. Appointment and discharge of financial, accounting or internal auditing officers;
9. Other important matters of the Company or required by the competent authority.

Article 26

The Company shall clearly establish the scope of functions and duties of the independent directors and empower them with support of human and logistics resources to them to facilitate their exercise of their power and functions. Neither the Company nor any of the other members of the Board of Directors shall restrain or in any way obstruct the performance of functions and duties by the independent director.

The Company shall stipulate expressly the compensation of the directors based upon related regulation. Different but reasonable compensation from that of other directors may be set forth for the independent directors.

Subchapter 3 Functional Committees

Article 27

For the purpose of developing healthy monitoring functions and strengthening management mechanisms, the Board of Directors of the Company may, taking into account the basis of the size and business nature of the corporate, board size and the number of the independent directors, set up audit, salary, nomination, compensation or any other functional committees and have them

stipulated in the Articles of Incorporation.

Functional committees shall be responsible to the Board of Directors and submit the proposals to the meeting of the Board of Directors for approval. Exercise of the duties of supervisor by the audit committee according to item 4-4 of article 14, Securities and Exchange Act, is excluded.

Functional committees shall adopt regulations governing the exercise of their power and duty to be approved by the Board of Directors. The regulations governing the exercise of their power and duty shall provide the number of members of each committee, their term of office, functions and duties, meeting rules, resources to be provided by the Company to facilitate the performance of their functions and duties.

Article 28

The Company shall set up the audit committee or supervisors. The audit committee shall be formed by all of the independent directors, whose number shall be no less than three with one of them to act as the convener and at least one of them shall have professional expertise in accounting and finance.

The Securities and Exchange Act, Company Act, other laws and regulations and these Principles applicable to supervisors shall operate to the audit committee with necessary and appropriate alteration.

The following matters shall be approved by the majority of the entire body of the audit committee and then submitted to the meeting of the Board of Directors for resolution, in which case Article 25 of these Principles shall not apply:

1. Adoption or amendment of the internal control system pursuant to Article 14-1 of the Securities and Exchange Act;
2. Assessment of the effectiveness of the internal control system;
3. Adoption or amendment, pursuant to Article 36-1 of the Securities and Exchange Act, of handling procedures for financial or operational actions of material significance, such as acquisition or disposal of assets, derivatives trading, extension of monetary loans to others, or endorsements or guarantees for others.
4. Matters involving personal interests of the directors;
5. Major assets or derivatives transactions;
6. Major lending, endorsement or guarantee proposed;
7. The offering, issuance, or private placement of any equity-type securities.
8. Engagement, discharge of or consideration paid to the certified public accountant;
9. Appointment and discharge of financial, accounting or internal auditing officers;
10. Annual and semi-annual financial reports; and
11. Other important matters of the Company or required by the competent authority.

The audit committee and its independent director members shall act in accordance with the Securities and Exchange Act, Regulations Governing the Exercise of Powers by Audit Committees of Public Companies and the requirements of the TSEC and the GTSM.

Article 28-1

The company should establish compensations committee, with qualifications of its members,

exercise of power, and the formulation of organizational charter conforming to “Regulations Governing the Appointment and Exercise of Powers by the Remuneration Committee of a Company Whose Stock is listed on the Stock Exchange or Traded Over the Counter”. Compensations committee should exercise the following powers faithfully in the role of a prudent administrator and submit its proposals to the board of directors for discussion:

1. Formulate and regularly review the policy, system, standards and structure of the performance evaluation and compensations of directors and managerial staffers.
2. Regularly evaluate and determine the compensations of directors and managerial staffers.

In exercising the aforementioned powers, compensations committee should follow the following principles:

1. Performance evaluation and compensations of directors and managerial staffers should refer to the general payment levels of peers and take into account individual performance, the company’s business performance, and future risks.
2. Avoid inducing directors and managerial staffers to undertake risky behaviors beyond the limit of the company for the pursuit of compensations.
3. In issuing bonus for short-term performance of directors and ranking managers and paying some variable compensation, industry features and the company’s business nature should be taken into account.

Article 28-2

The company shall establish a nomination committee, chaired by an independent director and with more than half of the committee members be independent directors.

Article 28-3

The company should set up and publicize a reporting channel, for both in-house staffers and outsiders, on top of a system protecting whistleblowers. The complaints should be received and handled by an independent unit, which should keep the materials provided by informants confidential and restrict access to them, according to internal operating procedure and put under the monitoring of internal control system.

Article 29

In order to improve the quality of financial report, the company should institute deputy for accounting chief.

The deputy should undergo advanced study annually, similar to the accounting chief, for betterment of his/her expertise.

Accounting staffers involved in the compilation of financial report should also take over six hours of related courses, as part of the company’s education and training program or held by institutions specializing in advanced study for accounting chiefs.

The Company shall select a professional, responsible and independent certified public accountant to be its external auditor who shall perform regular reviews of the financial conditions and internal control measures of the company. With regard to the irregularity or deficiency timely discovered and disclosed by the auditor during the review, and the concrete measures for improvement or

prevention suggested by the auditor, the Company shall faithfully implement improvement actions, as well as should install communications channel or mechanism for independent directors, members of the auditing committee, and certified public accountants.

The Company shall evaluate the independence and competence of the auditor engaged by the company regularly and no less frequently than once annually. In the event that the Company has engaged the same auditor without replacement for seven years consecutively, or if the auditor is subject to disciplinary actions or other circumstances prejudicial to the independence of the auditor, the Company shall evaluate the necessity of replacing the auditor, and shall submit the evaluation to the board the conclusion of such review.

Article 30

It is advisable that the Company engage a professional and competent legal counsel to provide adequate legal consultation services to the company, or to assist the directors and the management to improve their knowledge of the law, for the purposes of preventing any infraction by the Company or its staff of laws or regulations, and ensuring the corporate governance matters will proceed pursuant to the relevant legal framework and the prescribed procedures.

In the event that the directors or the management are involved in litigation as a result of performing his or her duties as provided by the law or arising from shareholders disputes, the Company shall retain a legal counsel to provide assistance depending on the circumstances. The audit committee or the independent director member thereof may retain the legal counsel, certified public account or other professional personnel on behalf of the Company to perform necessary audit or provide consultation with respect to the matters concerning the exercise of powers and duties.

Subchapter 4 Rules for the Proceedings of Board Meetings and the Decision- Making Procedures

Article 31

The Board of Directors shall meet no less frequently than once every quarter and at any time in case of emergency. The notice of meeting shall indicate the agenda of the meeting and be sent to all directors seven days prior to the scheduled meeting date.

The Company shall adopt the rules for proceedings of board meetings and the agenda, relevant operational procedure, meeting minutes, public notice and other matters for compliance shall be in accordance with the Regulations Governing Procedure for Board of Directors Meetings of Public Companies.

Article 32

A director shall exercise a high degree of self-discipline. In cases involving interests of himself/herself or of the legal entities he/she represents, should explain key contents of the involvement at the next meeting of the board of directors. And shall voluntarily abstain from discussion and voting as well as evade during discussion and voting, for himself or herself or as proxy for another director, on a proposal submitted to the Board of Directors that risks the involvement of the director's own interest to the detriment of the interest of the company. The directors shall practice self-discipline as to their internal relationship and must not support each other in an inappropriate manner.

The matters that a director shall voluntarily abstain from voting shall be clearly set forth in the rules for the proceedings of board meetings.

Article 33

At Least one independent director shall attend each meeting in person. In the case of a meeting concerning any matter required to be submitted for a resolution by the board of directors under the first paragraph of Article 35 herein, each independent director shall attend in person; if an independent director is unable to attend in person, he/she shall appoint another independent director to attend as his/her proxy. Any opposition or qualified opinion expressed by the independent director at the meeting of the Board of Directors shall be indicated in the minutes of the meeting. Except with a good cause given, the independent director shall, produce his/her opinion in writing in advance if he/she is unable to express his/her opinion at the meeting of the Board of Directors in person, and such written opinion shall be indicated in the minutes of the meeting.

In either of the following cases, the resolution adopted by the meeting of the Board of Directors shall be indicated in the minutes of the meeting and reported for public disclosure on the Market Observation Post System before the start of next trading session from the meeting date on the website designated by the competent authority.

1. There is opposition or qualified opinion from the independent directors, which has been recorded or made with a written statement.
2. There is any matter which has not been approved by the audit committee of the Company but has been approved by two thirds of all directors.

During the proceeding of the board meetings, managers from the relevant departments who are not directors shall sit in at the meetings, make report on the current business conditions of the Company and respond to inquiries raised by the directors. Where necessary, the Company may invite certified public accountants, legal counsels or other professional personnel to sit in at the meetings so as to assist the directors in understanding the conditions of the Company for the purpose of adopting an appropriate resolution.

Article 34

Staff personnel of the Company attending board meetings shall collect and correctly record the meeting minutes in detail, and the summary, method of resolution, and voting results of all the proposals submitted to the board meeting in accordance with relevant regulations.

The board meeting minutes shall be signed or sealed by the chairman and secretary of the meeting and distributed to each of the directors of the Company within 20 days after the meeting. The directors' attendance record constitutes an integral part of the meeting minutes and shall be treated as important corporate records and kept safely through the life of the Company.

The meeting minutes may be produced, distributed and kept electronically. The entire process of each board meeting shall be taped or video-recorded with the tape or video recording kept for a term of at least five years. The tape or video recording may be kept electronically. In case of any lawsuit arising from the resolution adopted by the Board of Directors, the keeping of the tape or video recording of the relevant board meeting shall continue without regard to the expiration of

the time period of record keeping provided in the preceding paragraph. The tape- or video-recording of the board meeting held by teleconference constitutes an integral part of the meeting minutes and shall be kept permanently. Where a resolution of the Board of Directors is held in contravention of laws, regulations, Articles of Incorporation, or resolutions adopted in the shareholders' meeting, and thus causes an injury to the Company, dissenting directors whose dissent can be proven by meeting minutes or written statements will not be liable for damages.

Article 35

The Company shall submit these matters to the meeting of the Board of Directors for discussion:

1. Corporate business plans.
2. Annual and semi-annual financial reports, with the exception of semi-annual financial reports which, under relevant laws and regulations, need not be CPA audited and attested.
3. Adoption or amendment of the internal control system pursuant to Article 14-1 of the Securities and Exchange Act, and assessment of the effectiveness of the internal control system.
4. Adoption or amendment, pursuant to Article 36-1 of the Securities and Exchange Act, to the handling procedures for financial or operational actions of material significance, such as acquisition or disposal of assets, derivatives trading, extension of monetary loans to others, and endorsements or guarantees for others.
5. The offering, issuance, or private placement of any equity-type securities.
6. Structure and system of remuneration for the managerial officers and directors.
7. Appointment or discharge of a financial, accounting, or internal audit officer.
8. A donation to a related party or a major donation to a non-related party, provided that a public-interest donation of disaster relief for a major natural disaster may be submitted to the next board meeting for retroactive recognition.
9. Any matter required by Article 14-3 of the Securities and Exchange Act or any other law, regulation, or bylaw to be approved by resolution at a shareholders meeting or to be submitted to a meeting of the board of directors, or any such significant matter as may be prescribed by the competent authority.

Except for matters that must be submitted to the board of directors for discussion under the preceding paragraph, when the board of directors is in recess, it may delegate the exercise of its power to others in accordance with law, regulations, or its articles of incorporation. However, the level of delegation or the content or matters to be delegated shall be clearly specified, and general authorization is not permitted.

Article 36

The Company shall ask the appropriate corporate department or personnel to handle matters and implement actions pursuant to the Board of Directors' resolutions in a way consistent with the program schedule and objectives. It shall also follow up on these matters and faithfully review their implementation.

The Board of Directors shall ensure full control of the implementation and progress of these matters and make a report in subsequent meetings so as to ensure that the board's management decisions are faithfully implemented.

Subchapter 5 Fiduciary Duty, Duty of Care and Responsibility of Directors

Article 37

Members of the board shall faithfully conduct corporate affairs and exercise the due care of a good administrator. In conducting the affairs of the Company, they shall exercise their power with a heightened level of self-discipline and prudential attitude in accordance with the resolution adopted by the Board of Directors except those matters which must be adopted by the shareholders' meeting pursuant to the relevant laws and regulations or the Articles of Incorporation of the Company.

Where the resolution to be adopted by the Board of Directors involves major policy directions and the corporate management, the Board of Directors shall carefully consider with no adverse effect of any kind on the implementation and effectiveness of corporate governance. Independent directors shall perform their duties in accordance with relevant laws, regulations and the company's articles of incorporation so as to protect the interest of the company and shareholders. The company should formulate measures and procedure for evaluating the performance of the board of directors and that each year it conducts regularly scheduled performance assessments of the board of directors, functional committees, and individual directors through self-assessment, peer-to-peer assessments, engaging outside professional institutions, or in any other appropriate manner. The performance assessment indicators shall be developed in consideration of the company's needs.

The company shall evaluate the performance of functional committees.

The company shall establish a succession plan for the management. The development and implementation of such plan shall be periodically evaluated by the board of directors to ensure sustainable operation.

The company shall evaluate the planning and implementation of intellectual property management policies, ensure the company adheres to "Plan, Do, Check and Act" continuous management model.

Article 38

If a resolution of the Board of Directors violates law, regulations or the company's articles of incorporation, at the request of shareholders holding shares continuously for a year or an independent director to discontinue the implementation of the resolution, members of the board shall take appropriate measures or discontinue the implementation of such resolution as soon as possible.

Proposed Revision	Current Clauses	Note
<p>Article 6-1</p> <p>The rights and obligations and other important issuance terms of Class A preferred shares of the Company are as follows:</p> <p>1. The dividend for preferred shares is limited to an annual rate of 5%, calculated by the issuance price per share, and the dividend may be one-time distributed in cash every year. The board or the chairman empowered by the board will determine the base date to pay the distributable dividends of the previous year. The distribution amount of dividends in the year of issuance and recovery is calculated by the actual issuance days of the current year</p> <p>2. The Company has discretion over the dividend distribution of preferred shares. The Company may decide not to distribute dividends of preferred shares if there are no earnings in the annual accounts, or the earnings are insufficient to distribute dividends of preferred shares, or the distribution of dividends of preferred shares will cause the capital adequacy ratio to be lower than the minimum requirement by laws or competent authority or other necessary consideration. The shareholders of preferred shares may not object to the board’s decision to not distribute dividends. The preferred shares issued are of the non-accumulative type, the undistributed dividends or the deficit of dividends will not be accumulated for deferred payment in the years with earnings in the future.</p> <p>3. The dividends prescribed in Subparagraph 1 of this Paragraph, shareholders of preferred shares may not be a part of the cash and equity capital of earnings</p>	(None)	<p>This is a new article.</p> <p>To Specify the rights and obligations and other important terms of issuance associated with Class A Preferred Shares.</p>

<p>and additional paid-in capital of ordinary shares.</p> <p>4. Preferred shares may not be converted to ordinary shares.</p> <p>5. The distribution priority for shareholders of preferred shares on the residual property of the Company is ahead of shareholders of ordinary shares and equal to the preferential order of shareholders of all preferred shares issued by the Company, and the preferential order is only lower than general creditors. The repayment shall be capped at respective issue amount of Preferred Shares A upon liquidation.</p> <p>6. Shareholders of Preferred Shares A have voting rights or suffrage equal to that of the common stock shareholder.</p> <p>7. The Preferred Shares A is perpetual but may be redeemed in whole or in part at issue price no earlier than the day following the fifth anniversary of the issuance date. Shareholders do not have the right to request the company to redeem preferred shares. Holders of the outstanding Class A Preferred Shares are entitled to receive declared dividends based on the actual days in the redemption year up to the date of redemption should the Company decide to declare dividend for the redemption year.</p> <p>8. If any Class A preferred shares remains outstanding, except to make up for losses, share premium of Class A Preferred Shares should not be capitalized into share capital. The Board is authorized to determine the name, issuance date and specific issuance terms upon actual issuance, after considering the situation of capital market and investors' willingness for subscription, in accordance with Articles of Incorporation and related laws and regulations.</p>

Dividends are paid annually in cash in one lump sum. The Chairman is authorized by the Board of Directors or a Board Resolution to set the ex-dividend date and the amount of dividends to be paid for the previous fiscal year. In the year of issuance and redemption, the distribution of the payable dividends shall be calculated proportionally based on the actual number of days the Class B Preferred Shares remained outstanding in that year. 2. The Company has sole discretion on the distribution of Class B Preferred Share dividends. If there is no earning or insufficient earning for distributing dividends of Class A Preferred Shares in the fiscal year, or the Company has other necessary considerations, the Board may decide not to distribute Class B Preferred Share dividends by Board Resolution, and it will not be deemed as an event of default. Class B Preferred Shares are noncumulative shares. If the Company decide not to distribute preferred share dividends or to distribute insufficient dividend, the undistributed dividends or shortfalls in dividends distributed shall not be cumulative and shall cease to accrue and be payable, therefore no deferred payment will be paid in subsequent years where there are earnings. 3. Except for the dividend prescribed in Subparagraph 1 of this Paragraph, Class B Preferred Shareholders are not entitled to participate in the distribution of cash or share dividends with regard of the common shares derived from earnings or capital reserves. 4.
