A. Dividend Policy

TECO deals in a line of business characterized by steady growth, but many of its investees have yet to take off. Therefore, its distribution of earnings must take into account the need for further expansion and more reinvestments going forward. After legal and special reserves are set aside, 1% to 5% of the remaining earnings in a given year will be appropriated for remunerations to Directors and Supervisors, and 1% to 10% for employee bonuses. In principle, 80% of the remainder and retained earnings from the previous year will be drawn upon as dividend payments to shareholders. Of all dividend payments, cash generally accounts for 50% but must not run below 5%
