Monthly Operating Performance by Business Groups

The monthly consolidated revenue was NT\$ 5.69 billion for May 2026, up 10.55% YoY. "Power & Energy", "Energy & System Automation" and "Green Mechatronic Solution" grew, while "HVAC Technologies" declined:

- Green Mechatronic Solution** : Revenue grew compared to the same period last year, mainly due to the increased contributions from the US and Mainland China markets.
- Power & Energy** : Revenue achieved double-digit growth compared to the same period last year, mainly due to the increased contributions from data center, offshore wind farm substation, and Taipower-related projects.
- Energy & System Automation** : Revenue achieved double-digit growth compared to the same period last year, mainly due to the increased contribution from automation products.
- HVAC Technologies** : Revenue declined compared to the same period last year, mainly due to the downsizing of the home appliance business, which was partially offset by the double-digit growth in commercial air conditioning.
