TECO Electric & Machinery Co., Ltd.

Unaudited Consolidated Monthly Revenue Report for October 2026

Date：November 6, 2026

Month	Consolidated Monthly Revenue (in thousand NT dollars)	YoY Change %
Oct.	5,770,574	+16.14%
Cumulative Sales	53,410,381	+9.61%

For historical information, please refer to: https://www.teco.com.tw/en/announce/finance

Time	Basis	Four Major Business Groups
Oct.	YoY	Power & Energy > Energy & System Automation > Green Mechatronic > HVAC Technologies (↑) (↑) (↑) (↓)
YTD	YoY	Power & Energy > Energy & System Automation > Green Mechatronic > HVAC Technologies (↑) (↑) (↑) (↓)

Note: (↑) for growth, (↓) for decline

Monthly Revenue Overview

The monthly consolidated revenue was NT$ 5.77 billion for October 2026, up 16.14% YoY, hitting a 5-year high for the same period.

The cumulative revenue for the first ten months of 2026 was NT$ 53.41 billion, up 9.61% YoY, hitting a 5-year high for the same period.

Monthly Operating Performance by Business Groups

The monthly consolidated revenue was NT$ 5.77 billion for October 2026, up 16.14% YoY. "**Power & Energy**", "**Energy & System Automation**" and "**Green Mechatronic Solution**" grew, while "**HVAC Technologies**" declined:

1. **Green Mechatronic Solution**：Revenue grew compared to the same period last year, mainly due to the increased revenue contribution from the Mainland China and the US markets.
2. **Power & Energy**：Revenue grew compared to the same period last year, mainly due to the increased contributions from data center and offshore wind farm projects. Additionally, a significant increase in busway shipments served as another major growth driver.
3. **HVAC Technologies**：Revenue declined compared to the same period last year, mainly due to product mix optimization, with a focus on the commercial air conditioning business, which achieved double-digit growth.
4. **Energy & System Automation**：Revenue grew compared to the same period last year, mainly due to the increased contribution from automation products.

Cumulative Operating Performance by Business Groups

The cumulative revenue in year 2026 was NT$ 53.41 billion, up 9.61% YoY. "**Power & Energy**", "**Energy & System Automation**" and "**Green Mechatronic Solution**" grew, while "**HVAC Technologies**" declined:

1. **Green Mechatronic Solution**：Revenue grew compared to the same period last year, mainly due to the increased contribution from the Mainland China market.
2. **Power & Energy**：Revenue grew compared to the same period last year, mainly due to the increased contributions from data center and offshore wind farm projects. Additionally, a significant increase in busway shipments served as another major growth driver.
3. **HVAC Technologies**：Revenue declined compared to the same period last year, mainly due to product mix optimization, with a focus on the commercial air conditioning business, which achieved double-digit growth.
4. **Energy & System Automation**：Revenue grew compared to the same period last year, mainly due to the increased contributions from automation products.
