

Director Show-Shoun Chou holds a Ph.D. in Policy Analysis and Management from Cornell University, USA. He currently serves as Chairman of YuShan International Consulting Co., Ltd. and Director of the Pau Jar Charity Foundation.

He previously served as a Member of the Legislative Yuan (2005–2012), Advisor to the Legislative Yuan, and Director of the National Policy Research Foundation, where he was actively involved in budget oversight, policy review, and legislative drafting. From 2012 to 2017, he also served as Vice Chairman of ADATA Technology Co., Ltd. (3260.TW), focusing on information storage solutions and technological innovation, gaining extensive industry experience.

With over 20 years of expertise in public policy and operational planning within the electronics and technology sectors, Director Chou has brought valuable insights to TECO since joining its Board of Directors in 2021. His contributions span ESG governance, government policy, digital transformation, and asset management, helping to strengthen the board's supervisory functions and enhance the company's forward-looking understanding of regulatory trends. He currently serves as a member of TECO's Corporate Governance and Sustainability Committee, where he oversees the execution and operation of risk management related to sustainability risk, compliance risk, and information security risk.
