

Energy Conservation | Emissions Reduction | Intelligence | Automation

E-Bus Motor

Product Spec

Series EM-PMI

Max. Power 54kW~272kW (Modularized design)

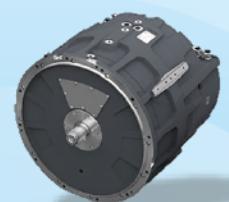

Max. Speed 0~4,000rpm

Voltage 500 Vdc

Cooling Liquid Cooling

Dimensions Ø450 x 368 mm (227kW)

Protection Class IP65 dust– and water–proof

E-Bus Motor

Product features and advantages

- ▶ High-efficiency permanent-magnet synchronous electric machine with modularized design
- ▶ Jacket water cooler, high heat-dissipation capability
- ▶ IP65 dust- and water-proof, high environmental endurance, applicable in bus
